---

## Technical Skills

Angular | C | C++ | Java | PHP | HTML | CSS | JavaScript | MySQL | Git | Linux | Python

---

## Language

- English
  - Malayalam
- 

## Projects

### Gear Up

Developed an E-commerce website for bike-renting using PHP, HTML, CSS, and JavaScript. Enabled vehicle owner to rent bikes through online with a user-friendly website.

### Farmers Portal

Developed an online farmers-portal website using Angular and Node.js. It enables a farmer to sell his agricultural products through online.

### Portfolio Website

A fully responsive personal portfolio built using JavaScript. Designed to highlight my projects, skills, and achievements with a modern layout and smooth user experience.

---
